ABOUT ORGANIZATION

CSC E-SEWA SOCIETY, founded in 2015 and headquartered in Punjab, CSC E-SEWA SOCIETY is more than just a skills development consulting organization—we are a mission-driven team dedicated to creating real impact in communities across India.

We believe that empowering individuals with the right skills and opportunities is the key to sustainable social and economic growth.

Operating through our regional office in Gurdaspur, Punjab, along with a vast network of partner agencies, we bring hands-on expertise in skills development, rural empowerment, and capacity building, ensuring that no community is left behind.

WELCOME MESSAGE

It gives me great pride and humility to address you on behalf of CSC e-Sewa Society. Since our inception in 2015, we have been committed to a singular vision – to empower the youth of India with job-ready skills in the rapidly evolving domain of supply chain and logistics.

Over the past nine years, I have had the privilege to work closely with thousands of aspiring professionals, industry experts, and government bodies. Our journey has been shaped by challenges and driven by the belief that skill development is the cornerstone of a strong and inclusive economy. Through CSC e-Sewa Society and Netspot Services India Pvt. Ltd., we have been able to transform this belief into impactful action – training and placing over 5400 individuals across national and international markets.

Our approach is rooted in service quality, ethics, and transparency. We strive not only to equip individuals with technical know-how but also to instill in them the values of trust, accountability, and excellence – traits that are indispensable in the logistics and supply chain sector today.

I am proud to share that CSC e-Sewa Society has emerged as a trusted name in logistics skill development. This success is not mine alone – it belongs to every trainer, partner, learner, and organization that has joined hands with us to make skill development more accessible, especially in underserved rural and urban communities.

As we look to the future, we remain steadfast in our mission – to bridge the skill gap, foster innovation, and create meaningful employment opportunities for India's youth. Together, let us continue to build a stronger, skilled, and self-reliant India.

With warm regards,

P.S. Ghuman
President, CSC e-Sewa Society

OUR VISION

Our vision is to be a catalyst for inclusive and sustainable skill development, empowering individuals across India to build meaningful careers and contribute to the nation's growth.

We envision a future where high-quality, industry-relevant training is accessible to every aspiring professional — regardless of geography or background. By bridging the gap between education and employment, we aim to create a skilled workforce that is ready to meet the dynamic needs of the global economy.

Rooted in innovation, excellence, and social impact, we strive to expand our reach through strategic collaborations, cutting-edge technologies, and modern learning methodologies. As we move forward, we remain committed to shaping the future of vocational education by fostering lifelong learning, nurturing talent, and driving economic development through skill empowerment.

OUR MISSION

Our mission is to empower individuals and strengthen communities by providing accessible, high-quality training, consultancy, and development services across diverse sectors. Established in 2015, we are committed to bridging the gap between skill, opportunity, and employment through innovative, industry-aligned programs.

We aim to support the growth of MSMEs, promote entrepreneurship, and enhance workforce capabilities by delivering need-based skilling, capacity-building, and research-driven solutions. Through strategic collaborations with government bodies, financial institutions, and industry partners, we strive to build a resilient ecosystem that fosters inclusive growth, employment generation, and sustainable development.

With a strong focus on transparency, ethics, and excellence, we continue to lead efforts in workforce development, logistics and supply chain training, and project consultancy – ensuring that no talent goes unrecognized and no community is left behind.

OUR SERVICE

CSC e-Sewa Society offers a diverse range of services aimed at empowering individuals and supporting industries. Our core services include skill development and training programs across sectors such as logistics, IT, retail, and manufacturing. We provide project consultancy and advisory services including project formulation, feasibility studies, and market surveys. The organization specializes in capacity building and institutional development for both urban and rural stakeholders. We conduct research, monitoring, evaluation, and impact assessment studies to support evidence-based planning. Additionally, we are actively involved in education, employment generation, and community development initiatives. With sectoral expertise in logistics, agriculture, environment, and urban planning, we also work closely with government bodies and industry leaders to drive strategic partnerships and policy advocacy in the field of skill development and inclusive growth.

- 📌 Computer training centres (CSC Academy)

DDU-GKY

UNDER MINISTRY OF RURAL DEVELOPMENT

Project Highlights

- **Location:** Training and placement provided in rural areas across Punjab under the DDU-GKY scheme.
- **Target Group:** Rural youth from BPL families, aged 15–35 years.
- **Training Domains:** Logistics Sector (Warehouse associate, Packer and Supervisor).
- **Partner Organization:** Ministry of Rural Development, Govt. of India & Punjab Skill Development Missions (PSDM).
- **Job Placement:** Over 70% placement rate achieved post training, with formal employment in reputed organizations.

Social Impact

- Provided industry-aligned skills to rural youth, reducing unemployment.
- Enabled youth to migrate safely with formal job offers and workplace readiness.
- Empowered women and marginalized communities with long-term career paths.
- Strengthened rural economy by improving household income through employment.

RURAL BPO

UNDER CSC E-GOVERNANCE

EMPOWERING BORDER VILLAGES

CSC E Sewa Society, in partnership with CSC e-Governance Services India Ltd., proudly implemented the Rural BPO Initiative in alignment with the Digital India Mission, focusing on socio-economic upliftment in border areas.

Project Highlights

- **Location:** Village Jaura Chhattran, District Gurdaspur (Punjab) – a strategic border area.
- **Employment Generated:** 30+ rural youth employed in IT-enabled services.
- **Services Delivered:** Data entry, digital documentation, customer support for public and private sector clients.

Social Impact

- Created stable employment for local youth, including women.
- Strengthened digital literacy and communication skills in a remote region.
- Reduced migration by providing jobs within the community.

DISHA

DIGITAL SAKSHARTA ABHIYAN

Project Highlights

- **Location:** Multiple villages across Gurdaspur District, Punjab – rural and digitally underserved areas.
- **Beneficiaries Trained:** 3500+ rural citizens trained under Digital Literacy Program.
- **Training Focus:** Basic computer skills, use of smartphones, digital payments (UPI, AEPS), accessing e-Governance services like DigiLocker and UMANG, cyber safety awareness.
- **Partner Organization:** CSC e-Governance Services India Ltd.

Social Impact

- Empowered citizens with essential digital skills, enabling access to online services and digital economy.
- Boosted confidence among youth and women in using digital tools for daily tasks and employment.
- Enhanced financial inclusion by promoting the use of digital transactions and government benefit access.
- Contributed to the vision of “Digital India” by building a digitally aware and empowered rural population.

PWD

SKILL TRAINING UNDER CSC

Project Highlights

- **Location:** Implemented across selected rural and semi-urban regions in Punjab under CSC framework.
- **Target Group:** Persons with Disabilities (PwDs) – identified through CSC networks and local outreach.
- **Training Focus:** Customized digital and vocational skill development programs including computer fundamentals, soft skills, digital services handling, and financial literacy.
- **Employment Linkage:** Post-training handholding for job placement and self-employment support through CSC and local partners.

Social Impact

- Empowered PwD individuals to become self-reliant through digital inclusion.
- Improved social and economic participation of disabled citizens in mainstream platforms.
- Promoted accessibility and equality by tailoring training to suit diverse abilities.
- Strengthened community support systems for the long-term development of PwDs.

NCPUL

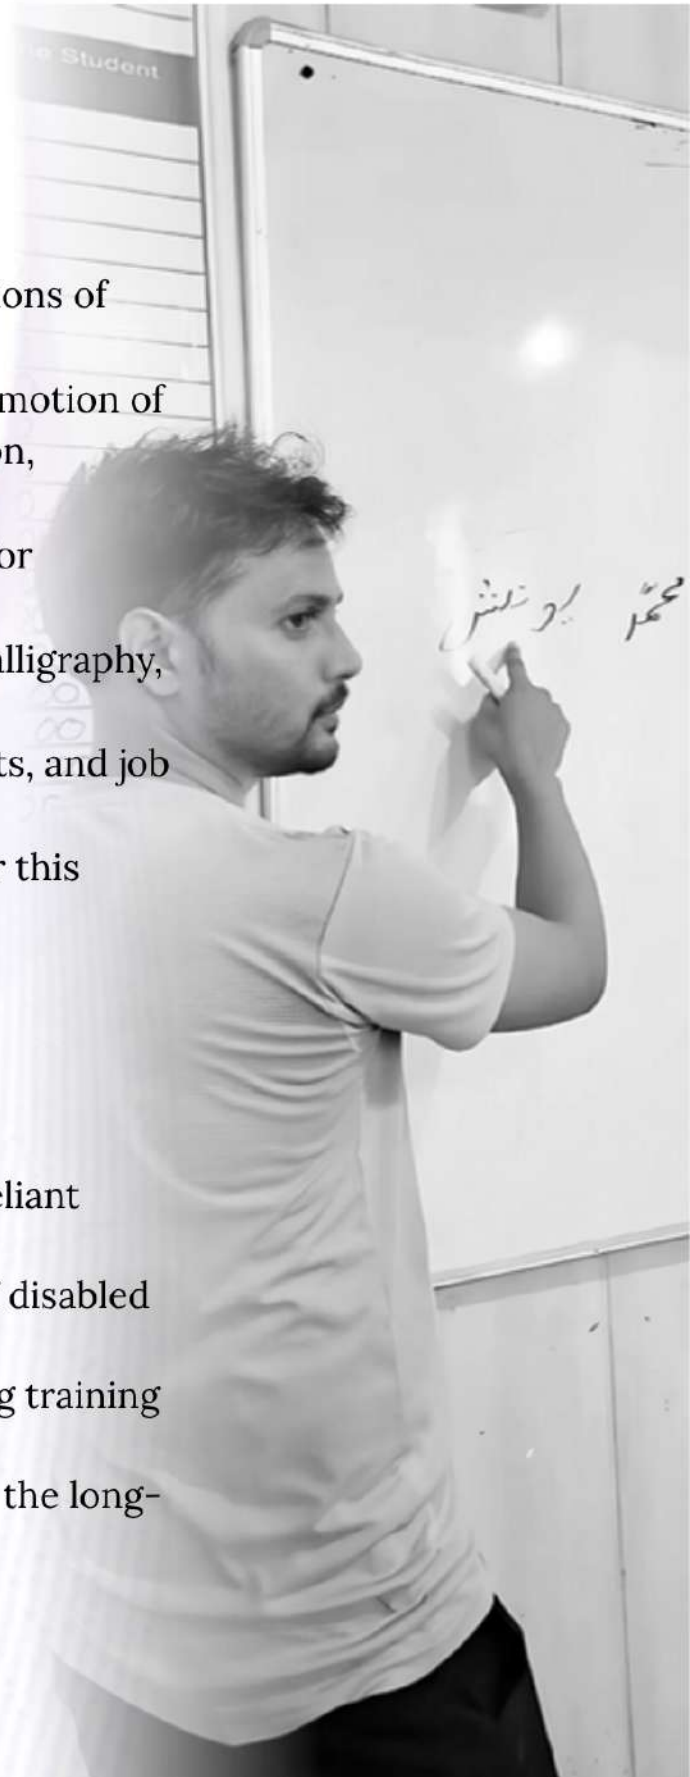

NATIONAL COUNCIL FOR PROMOTION OF URDU LANGUAGE

Project Highlights

- **Location:** Implemented in Urdu-speaking regions of Punjab and Northern India.
- **Implementing Body:** National Council for Promotion of Urdu Language (NCPUL), Ministry of Education, Government of India.
- **Partner Organization:** The National Council for Promotion of Urdu Language.
- **Key Offerings:** Urdu language certification, calligraphy, Urdu typing, and computer training (CCC).
- **Target Group:** Minority youth, school dropouts, and job seekers from Urdu-speaking communities.
- **Outcome:** Trained over 130+ candidates under this initiative.

Social Impact

- Empowered PwD individuals to become self-reliant through digital inclusion.
- Improved social and economic participation of disabled citizens in mainstream platforms.
- Promoted accessibility and equality by tailoring training to suit diverse abilities.
- Strengthened community support systems for the long-term development of PwDs.

WIFI CHOUPAL

CSC E-GOVERNANCE SERVICES INDIA LTD.

Project Highlights

- **Implementing Agency:** CSC e-Governance Services India Ltd., under the Digital India initiative.
- **Partner Organization:** CSC E-Seva Society.
- **Project Scope:** Deployment of Wi-Fi hotspots and digital connectivity in rural and semi-urban areas.
- **Technology Used:** BharatNet fiber connectivity, WiFi routers, and cloud-based monitoring.
- **Services Delivered:** High-speed internet access, digital literacy, online education, telemedicine, and financial inclusion services.
- **Beneficiaries:** Rural households, students, small businesses, and local government bodies.

Social Impact

- Empowered rural communities by bridging the digital divide.
- Enabled access to online services such as banking, telehealth, and e-governance.
- Strengthened local economies by supporting digital entrepreneurship and e-commerce.
- Facilitated educational continuity through access to online learning and resources.
- Improved quality of life by bringing government schemes and information to remote villages.

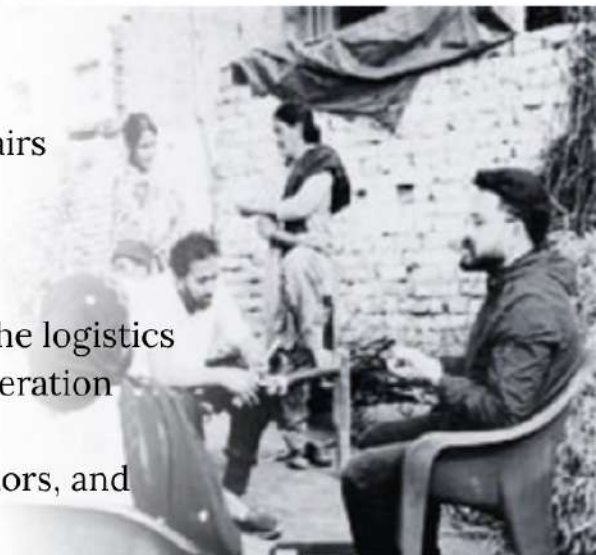

DAY-NULM

NATIONAL URBAN LIVELIHOODS MISSION

Project Highlights

- Implementing Body: Ministry of Housing and Urban Affairs (MoHUA), Government of India.
- Partner Organization: CSC E Sewa Society
- Domain Sector: Logistics
- Objective: To equip urban youth with skills relevant to the logistics industry, improving their employability and income generation capacity.
- Target Group: Urban poor, school dropouts, street vendors, and underprivileged youth in urban areas.
- Services Provided:
 - I. Training in warehouse operations, inventory management, supply chain coordination, and delivery systems
 - II. Soft skills, workplace safety, and customer service training
 - III. Job placement assistance and career counselling
- **Delivery Mode:** Hybrid training model with classroom and practical sessions in collaboration with logistics partners.

Social Impact

- Created employment-ready youth for the fast-growing logistics and supply chain sector.
- Enhanced workforce participation from underserved urban communities.
- Supported last-mile delivery services and warehouse staffing in growing urban hubs.
- Empowered youth with sustainable livelihoods and financial independence.
- Helped bridge the skill gap in India's booming logistics economy.

BADP

BORDER AREA DEVELOPMENT PROGRAMME

Project Highlights

- **Implementing Body:** Ministry of Home Affairs, Government of India
- **Partner Organization:** CSC E Sewa Society
- **Objective:** To provide vocational training to youth in border areas for sustainable livelihood generation.
- **Training Focus:**

I. **Sewing Machine Operator:** Cutting, stitching, finishing, machine handling, and tailoring for self-employment and garment industry jobs.

II. **Logistics:** Basics of warehouse operations, goods handling, inventory tracking, and supply chain assistance.

- **Target Group:** Youth and women residing in border villages with limited employment opportunities.
- **Delivery Mechanism:** Community-based skill development centers equipped with machines, tools, and certified trainers.

Social Impact

- Enabled self-reliance among rural youth and women through hands-on skills in tailoring and logistics.
- Boosted local employment and small enterprise development in garment and delivery services.
- Reduced out-migration by offering career opportunities within native border areas.
- Promoted women empowerment through home-based tailoring and micro-enterprise support.
- Contributed to national security by strengthening socio-economic conditions in sensitive border zones.

CSC ACADEMY

COMPUTER TRAINING CENTRES

Project Introduction

Under CSC Academy, we also run a dedicated private training initiative to deliver high-quality skill development programs that are not covered under any government scheme but are highly relevant to the evolving needs of today's youth and job market.

This initiative is not driven by profit, but by purpose. We offer these courses at very affordable fees, ensuring that financial constraints do not become a barrier to learning. Our focus remains on quality training delivery, practical knowledge, and real-world skills that empower learners to grow, earn, and succeed independently.

We believe that education and skills should be accessible to all, and through our CSC Academy's private programs, we aim to bridge that gap — not just by offering certificates, but by building confidence and capabilities for a better future. Courses list are [here](#)

ADCA

ADVANCE DIPLOMA IN COMPUTER APPLICATION

Duration: 1 Year

Fees: XXXXX Rupees

Semester: 1

- Computer Concept & Fundamentals
(with Introduction to Internet & Email)
- Operating System
- MS-Office (MS-Word, MS- Excel, MS-Power Point, MS-Access)
- HTML & Front Page
- Lab-I

Semester: 2

- C Language
- Programming in C++
- Java
- Lab-II

BAI&M

BASIC ARTIFICIAL INTELLIGENCE & MACHINE LEARNING

Duration: 3 Month

Fees: XXXXX Rupees

Topics

- Introduction to AI and ML
- Supervised vs Unsupervised Learning
- Python for AI
- Linear Regression, Decision Trees
- Use cases: chatbots, spam filters, recommendation systems

AI WITH PYTHON

Duration: 3 Month

Fees: XXXXX Rupees

Topics

- Python Programming Basics
- Numpy, Pandas, Matplotlib
- Intro to ML Algorithms
- Data preprocessing
- Basic AI projects

BWD

BASIC WEB DESIGNING COURSES

Duration: 3 Month

Fees: XXXXX Rupees

Topics

- HTML5, CSS3
- Basic Website Layouts
- Responsive Design (Intro to Media Queries)
- Introduction to Web Hosting
- Basic Adobe Photoshop for Web
